## YOUR TRUSTED EXPERTS

Elevated Industrial Solutions is your trusted partner, making businesses more efficient and effective. We provide coating and finishing systems, such as liquid systems, powder systems, spray booths, and various parts and accessories.

Nationwide, we're the catalyst for helping American companies and people grow.

# OUR SOLUTIONS

Our solutions help you ensure you’re spraying efficiently and effectively. It’s how we’ve helped businesses like yours save on paint, gain productivity, decrease waste, increase safety, and improve quality.

## LIQUID SYSTEMS

### FLUID HANDLING

- Pumps — piston and double diaphragm pumps (high and low pressure)
- Pressure tanks and cups
- Agitators

### APPLYING

- Single and plural component spray systems
- Spray guns — air-assist airless (AAA), airless, HVLP, reduced pressure, conventional, electrostatic
- Replacement and repair parts
- Spray booths

### MIXING

Electronic mixing and dosing systems (two and three component options, including inducing solvents)

### MEASURING

- Viscosity cups
- Wet and dry gauges

# OUR BRANDS

## POWDER SYSTEMS

- Manual and automatic spray systems
- Using spray booths
- Curing with ovens

## SPRAY BOOTHS

- Reclaim and spray to waste
- Open-face or enclosed
- Downdraft
- Cross-draft
- Side downdraft
- Bench
- Air makeup units

## SERVICES

- Plant surveys
- Product demos
- Training
- Analysis and measurements

## PARTS AND ACCESSORIES

- Needles, nozzles, and tips
- Hoses (air and fluid) - low and high pressure
- Cups, lids, and liners
- Repair and cleaning kits

## FILTERS

- Various materials, including paper, fiberglass, poly, and more
- Intake filters
- Exhaust filters
- Downdraft filters
- Cross-draft filters

## INDUSTRIAL SUPPLIES

Because Elevated also provides industrial supplies, we have a variety of options to make coating and finishing more efficient as well as protect your workforce. Ask us more about our safety supplies, such as disposable clothing.
