YOUR MODULAR EXPERTS

Elevated Industrial Solutions is your trusted partner, making business more efficient and effective. We know good, better, and best options for appliances, flooring, PTAC, VTAC, and windows as well as a variety of other needs. We're your one-stop-shop in the U.S. for everything in offsite building

Nationwide, we're the catalyst for helping American companies and people grow.

OUR SOLUTIONS

Our solutions help you ensure you're meeting tight deadlines and staying on budget. We'll help you get the right materials for your engineering specifications so you're building to code, provide factory-certified in-house training, and deliver straight to your jobsite.

ABOUT ELEVATED

As Elevated, we've united companies to provide more solutions for industrial supplies, assembly tools, and coating and finishing equipment. If you're in South Carolina, most of Ohio, or in Michigan, we can offer compressed air solutions and services. Although our headquarters are in Denver, where we've been for 60+ years, we help companies like yours nationwide with warehouses across the country.
