KEEPING BUSINESS RUNNING

IN EASTERN MICHIGAN,
WESTERN OHIO, AND
SOUTH CAROLINA

Elevated Industrial Solutions is your trusted partner, making your business more efficient and effective.

We're an authorized Kaeser dealer for compressors, related equipment, and parts. Plus, we service all major air compressor brands, including Kaeser.

Contact our experienced, certified team to help you whether you need emergency repairs, preventive maintenance, audits, or new equipment.

KAESER COMPRESSORS, EQUIPMENT, AND PARTS

When it comes to carrying Kaeser's rotary screw air compressor line, we have it all. Elevated also carries related equipment - vacuums, blowers, dryers, filters, controllers, and more. Plus, we carry a full range of parts and accessories aimed at helping your compressed air system run at peak efficiency.

When you use Kaeser, you know you're getting a high-quality line meant to last a lifetime. One line, Kaeser's proprietary Sigma Profile, has been around since 1975 and is 20% more efficient than conventional screw designs. At Elevated, we'll always get you the right machine, meeting your company's goals.

BENEFITS OF KAESER + ELEVATED

Compressors that last a lifetime,
requiring less maintenance

5-year warranty on any new compressor, as
long as you meet Kaeser's requirements that
Elevated can take care of for you

Better performance than the compressor
competition, saving money on energy

An experienced, certified team to keep
your business up and running

SERVICES TO SAVE ENERGY AND MONEY

We provide a range of services from preventive maintenance to emergency repairs to audits. Our team is always looking for opportunities to save you money while ensuring your compressed air system is running at peak efficiency. For emergencies, we're available 24 X 7 and 365 days a year. And we service all major brands!

One service you may hear us recommend is our Air Demand Analysis (ADA). It's a comprehensive air system audit. We provide a complete and accurate air demand and consumption profile without interrupting daily plant operations. We can tailor this audit to any size system, too. Don't be surprised if we recommend this before you add machines as we're hoping to save you money and energy.

TURNKEY INSTALLATIONS

We offer piping and installations as a full-service mechanical contractor. Our team can even help with custom-engineered solutions. Ask for our install portfolio.

PRODUCTS AND SERVICES

We offer a variety of solutions so you get peace of mind, including complete compressed air solutions. Although we're a Kaeser-authorized dealer, we service all major compressed air brands.

- 3 HP – 650 HP Rotary Screw Compressors
