YOUR TRUSTED PARTNER

Elevated Industrial Solutions is your trusted partner, making businesses more efficient and effective. We provide industrial supplies such as abrasives, adhesives, converted tapes and specialty die cuts, packaging, saw blades, safety, sealants, tapes and reclosable fasteners, tools, and other supplies. We offer services too – recommending ideas, products, and new processes. We'll train your staff and manage inventory so you don't have to wait on lead times or worry about supply chain issues. It's why Elevated, formerly Lane Supply Company, has been in business since 1955.

Nationwide, we're the catalyst for helping American companies and people grow.

OUR SOLUTIONS

Our product mix is so complete, we can't list it all here. Best of all, we have experts who can ensure you get the right supply and process for your jobs – saving you time, reducing costs, and improving the quality of your products. At Elevated, we excel at providing solutions to keep your business going.
